Saturday 6th September

5.30am - Breakfast and lunch collection, Innisfail Wharf

8.00am - 4.00pm - Fishing

7.00pm - Presentation dinner Innisfail RSL

WEATHER

In the case of bad weather, the decision to go out to sea is entirely the responsibility of the skipper of the boat. The committee take no responsibility for decisions made by crews. No allowance will be made for lost fishing time. If the official forecast is for winds 25 knots and above the days' fishing will be cancelled. The committee reserves the right to cancel the tournament due to bad weather at any time.

TOURNAMENT RULES

GFAA rules apply to practice, however there are specific additions to cater for the unique format of this tournament.

1. Single class line only - 10kg.
2. Teams shall consist of no fewer than two (2) or more than four (4) anglers.
3. All Boats nominating to fish the tournament are required to have current boat insurance. Details of insurance must be completed on the Entry Form supplied along with a photocopy of your insurance certificate. Should a boat not have insurance, nor be able to supply evidence of insurance and certificate, that boat shall be excluded from participating in the tournament. All onboard safety remains the responsibility of the owner/skipper.

4. There is no limit on boat size. There are prizes for boat class under and over 7.5m. Each category is only eligible to compete in their respective class and will only be eligible for that class prizes. Specified boat lengths will be measured from the transom where the motor or outdrive of the boat is bolted to the boat. Where the boat has a pod fitted, the transom of the pod where the motors are bolted will be counted in the boat length, to the forward most point of the boat, **but will exclude any bowsprit or forward projecting anchor location** as per the QGFA Guideline for determining boat length. Specified length to be determined by the Club Tournament committee and will be deemed to have been calculated in accordance with the QGFA Guidelines.

5. The tournament committee reserves the right to amend the prize list without notification.

6. As per GFAA Rules only NSW Fisheries Tags are to be used.

SCORING

Billfish tagged 1000 points

Gamefish 10 points/kg (must be at legal length)

No sharks

All weighed fish must be a legal length and within possession limits to qualify. All game fish presented at weigh-in must be gilled and gutted and in an edible condition.

Mutilated fish (caused by sharks, propellers, etc) will not qualify.

Daily score cards must be completed. Fish not entered on the card correctly will be ineligible to score.

In the event of a tie, the team achieving the winning score first shall be the winner.

NQ SHOOT OUT

This year's tournament will also include a 3-fishing tournament point system along with Townsville Game Fishing Club and Cairns Bluewater Game Fishing Club. There will be a cash prize of \$15,000 for the winning boat, \$7,000 for runner-up and \$3,000 for 3rd place. Nominated boats must compete in at least 2 out of the 3 fishing tournaments to be eligible to win the cash prize. Winning boat will be announced at the end of the last tournament being Cairns Bluewater. Boats must nominate for the shoot out, there is no nomination fee for entering.

WEIGH-IN TIME

Weigh-ins are at the end of each fishing day. All completed score cards must be in the hands of the weigh master by 1900 hours (according to the weigh master's clock). No exceptions or time delays will be acceptable and if cards are handed after the final time, they will be ineligible.

PROTESTS

Any protests must be submitted in writing to the tournament committee by 8.00pm on the day of the protest and no later than the close of weigh in on the last day. The committee's decision is final. No other form of protest shall be accepted. **Important:** Ensure your daily capture cards are completed and returned to the weigh master with tag cards. A Dispute Committee comprising members from a minimum of three clubs (where possible the tournament club and two other clubs should form any protest committee and if possible, the clubs forming the protest committee should not include a club that the protested or protestor are members of) will hear any protests provided they are submitted in writing in accordance with tournament rules for disputes.

RADIO SCHEDULE

Skeds will be called on VHF 81 and all radios must be in good working order on each vessel. All competing vessels must always remain contactable via radio or agreed alternative communication, by either Gamebase or another Vessel. Failure to maintain contact may result in team disqualification. A boat logging off from Gamebase for the day (even before cease fishing) will be deemed as no longer fishing with the tournament for that day and thereby no longer be eligible to score points for fish caught after doing so. (This does in no way mean a boat may not log on with Marine Rescue services for safety purposes.

All boats must acknowledge radio schedule calls supplying their score since the last scheduled position as per the map grid reference.

Scheduled calls will be at 10:00am, 1.05pm, 3.05pm. A ten-minute warning of 'cease fishing' will be given at the end of each day. Current hook-ups must be reported within this period.

VESSEL PRIZE CATEGORIES

Boats Over 7.5 Metres	Boats under 7.5 Metres
